Building bridges, breaking walls: Orleans Properties connects with HPE Networking Instant On

Discover how Orleans Properties conquered delivering next generation internet connectivity amidst century-old brick structures with HPE Networking Instant On.

Step into the world of Orleans Properties, an esteemed name in historical rehabilitation and downtown property operations. Behind the scenes, they faced a Herculean task — delivering flawless internet connectivity to their discerning guests.

Hindered by century-old brick structures boasting formidable walls and resilient metal studs, their previous solution fell short, leaving them trapped in a cycle of reboots and replacements. With HPE Networking Instant On, Orleans Properties' ushered in a new era of elevated satisfaction and unrivaled operational efficiency.

Seamless connectivity, crafted for perfection

Embracing their unwavering commitment to excellence, Orleans Properties sought a solution that would cater to the connectivity needs of 175 guests and 105 TVs.

The staff deployed **HPE Networking Instant On Access Point AP22 and HPE Networking Instant On Access Point AP25 access points, along with HPE Networking Instant On Switches.** This cutting-edge arsenal of Wi-Fi 6 certified networking technology wove a web of uninterrupted and reliable connectivity that enveloped every nook and cranny of their properties.

Industry: Hospitality

Country: United States

Objective:

Orleans Properties required a more robust and reliable Wi-Fi solution

Approach:

The solution we selected was the HPE Networking Instant On Access Point AP22 and HPE Networking Instant On Access Point AP25. With these, adjustments and troubleshooting became seamless, eliminating the need for time-consuming on-site interventions.

Outcomes:

Instant On introduced efficiency through its mobile app. Empowering the staff at Orleans Properties with visibility and control.

Efficiency unleashed, the magic of simplicity

Instant On enhanced efficiency with its mobile app, providing the staff at Orleans Properties with greater visibility and control. This license-free cloud network management app enabled IT teams to effortlessly manage and monitor the network remotely.

Adjustments and troubleshooting became seamless, eliminating the need for time-consuming on-site interventions.

The network management process was streamlined, saving valuable time, revealing hidden cost reductions, and eliminating the frustrations that once hindered Wi-Fi troubleshooting—without any hidden fees.

Exceeding expectations, the enchantment unveiled

Since deploying Instant On, Orleans Properties has experienced a remarkable improvement in guest satisfaction. The reliable internet connection provided by HPE Networking Instant On has enabled Orleans Properties to maintain their luxury property's stellar reputation, with over 98% positive reviews.

“Before Instant On, Wi-Fi was our biggest concern”, Christian Cancienne, the President of Orleans Properties, said. “Since switching to Instant On, we haven’t encountered any issues. It just works.”

The success with Instant On has prompted Orleans Properties to expand its usage across their residential properties as well as other real estate. Their confidence in the solution is so high that they have chosen Instant On for their upcoming fifth property. The ease of use, reliability, and exceptional performance offered by Instant On has solidified its position as the go-to networking solution for Orleans Properties.

Embracing growth, the journey unfolds

The deployment of Instant On APs and switches, along with the user-friendly app, not only improved customer satisfaction but also boosted operational efficiency. With the peace of mind that Instant On brings, Orleans Properties can focus on delivering exceptional experiences to their guests, expanding their business, and continuing their legacy of excellence in the real estate industry.

Before Instant On, Wi-Fi was our biggest concern. Since switching to Instant On, we haven’t encountered any issues. It just works.”

– Christian Cancienne, President of Orleans Properties
